A JOURNEY TO
Success

Trust
since 1927

SINCE
1927

With a global presence across **75 countries**, a customer base that spans hundreds of leading importers and our belief adhering to strong business ethics, we are amongst the leading export houses of choice for discerning buyers of quality products from India, who have placed their firm trust in us since 1927.

"Ever since the beginning of our journey, if there's one thing that Sopariwala Exports has earned, it's the unshakable trust of our patrons. We are committed to nurture this trust by continuing to provide highly customized solutions to our customers across the globe."

Dr. Abdul Kader Fazlani,
Chairman, Fazlani Group

Leadership
that's Inspirational

Under the visionary guidance of Dr. Abdul Kader Fazlani, the leading founder of the Indian tobacco industry, Mr. Arif Fazlani and Mr. Faisal Fazlani carry forward the legacy of high business ethics, which has ensured our undisputed market leadership for more than eight decades. Their combined passion for customer delight and business growth ensures that they are totally focused on 'Listening to the customer's unique demands and developing products to match them'.

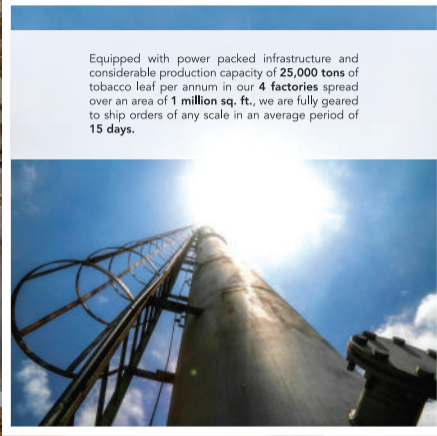

Golden Leaf!

best that the world has to offer

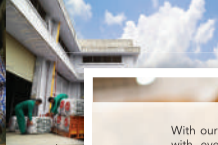

With the productive participation of more than **2000 employees**, we steadfastly work along with more than **5000 farmers**, for guiding them how to cultivate and grow premium quality tobacco leaves by taking optimum advantage of the rich soil and favourable climate in the Western India (State of Gujarat). To meet the unique demands of flavours from customers, we cultivate the complete range of manufactured and unmanufactured tobacco like Black Chopadia, Indian Calcutti, Lal Chopadia, Rustica, Isfahan and many more.

Excellence
at every stage

Equipped with power packed infrastructure and considerable production capacity of **25,000 tons** of tobacco leaf per annum in our **4 factories** spread over an area of **1 million sq. ft.**, we are fully geared to ship orders of any scale in an average period of **15 days**.

With our clear focus on 'creating customer delight with every consignment', and the integrity and passion of our happy farmers and employees, we specialize in crafting customized solutions to the big and small requirements of our clients.

Lal Chopadia Tobacco

TYPE: LCLL/1

The leaf 'Lal Chopadia' is sun-cured for 20-25 days to dry their stems & turn them yellow. Later, the leaves are tied into bundles and bulked for developing aroma. Rich and bright coloured Lal Chopadia with red spots is preferred for smoking as well as smokeless purposes.
